

Dear Admiral Turner,

77-9341

I am very interested in American history and especially politics. Along with these interests I have a very interesting hobby collecting the real signatures of many the more prominent names in our country today. At the present I am trying to collect the prominent members of President Carters staff.

Could you please send me a personally signed picture of yourself for my collection? I realize you are probably very busy but I'll sure appreciate this great personal favor.

Enclosed with my letter you'll find a copy of a picture that appeared in our local newspaper with a feature article about my collection. Thought you would enjoy

(EXECUTIVE REGISTRY FILE 11-22)

seeing that I do collect signatures and
how anxious I am to get yours.

Thank you so much for your time.

Sincerely,

Gill R. Nelson
